An immediate annuity is permanent. Owner has no access to premium, which converts to an income payout stream. There is no cash value, no death benefit and the annuity can't be surrendered. Contract terms, such as payment amount and frequency, cannot be changed, unless commutation is available and elected. An immediate annuity should not be purchased if access may be needed to any of the premium for living expenses or other purposes.

Payment of benefits under the annuity contract is the obligation of, and is guaranteed by Integrity Life or National Integrity Life. Guarantees are based on the claims-paying ability of the company issuing the annuity. Products are backed by the full financial strength of the issuing company. Earnings and pre-tax payments are subject to income tax at withdrawal. Withdrawals may be subject to charges. Withdrawals of taxable amounts from an annuity are subject to ordinary income tax, and, if taken before age 59½, may be subject to a 10% IRS penalty. Western & Southern Financial Group member companies and their agents do not offer tax advice. For specific tax information, consult your attorney or tax advisor. Interest rates are declared by the insurance company at annual effective rates, taking into account daily compounding of interest. Product and feature availability, as well as benefit provisions, vary by state.
